

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser, in the manner prescribed, for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, including the 10 per cent deposit paid for the lot at the time of the sale, and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed, as early as possible, and in no case should it be allowed to remain longer than 90 days after 15th May 1936. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, for the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

13. Interest will be charged on all belated payments at $6\frac{1}{2}$ per cent per annum from the date of their falling due up to the date of payment.

H. S. RANGACHAR.
District Forest Officer.

BHADRAVATI DIVISION.

Abstract Notification, dated 27th December 1935.

Attention of the public is invited to the Notification, dated 20th December 1935, calling for tenders for constructing a settling tank for improvement of water works at Nanjangud, published on pages 47-48, Part VI of the *Mysore Gazette*, dated 9th January 1936.

The last date for receipt of tenders is 20th January 1936.

Abstract Notification dated 4th January 1936.

Attention of the public is invited to the Notification, dated 2nd January 1936, calling for tenders for the work of laying pipe lines for Water Supply to Mandya Town, published on pages 48-49, Part VI of the *Mysore Gazette*, dated 9th January 1936.

The last date for receipt of tenders is 27th January 1936.

Notification dated 6th January 1936.

Notice is hereby given that sealed tenders will be received at the Office of the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, up to 1 P.M., on 3rd February 1936, for constructing drains in Tarikere Town. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the 30th June 1936.

2. The plans, detailed estimate and conditions may be seen at the Sanitary Engineer's Office between the hours of 11 A.M., and 5 P.M., on all office days.

3. Tenders should be submitted on printed forms which may be obtained from the Sanitary Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 1,000 in cash (no cheques will be accepted) as earnest money, and be superscribed "Tender for constructing drains in Tarikere Town" in default of which the tenders will be rejected.

5. The final acceptance of any tender will rest with the Sanitary Engineer who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which the tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Sanitary Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Charges on account of scaffolding materials, implements for setting out, barricading, clearing site, supply of water, etc., that may be found necessary during execution will not be paid for separately but should be born by the contractor.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the department or those fixed by the Sanitary Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of disputes about rates, quantities, measurements, quality of work, etc., and in all disputes of any kind, the decision of the Director of Health will be final and legally binding.

Abstract of quantities of work to be done for constructing drains in Tarikere Town.

Sl. No.	Particulars	Unit	Quantity
1	Constructing silk pattern drains with burnt stone slab cheeks and surki concrete bed by forming a channel at the centre of concrete bed and surface plastered over with $\frac{1}{2}$ " cement mortar and joints of slabs cement pointed including earthwork excavation ..		
	Design of 2" section	Rft.	3,932
	Do 3"	"	747
	Do 4" (1)	"	657
	Do 4" (2)	"	776
	Do 5" (1)	"	421
	Do 5" (2)	"	192
	Do 6" (1)	"	200
	Do 2" section with old slabs	"	700
2	Removing rough stones from the sides of the existing drain and stacking	Cyd.	521
